# Owner and Contractor Controlled Insurance Programs

**E&S Brokerage Casualty** 

# Owner Controlled Insurance Program (OCIP) and Contractor Controlled Insurance Program (CCIP)

With almost \$1 billion in written premium across all our construction product offerings, Nationwide is proud to be a powerhouse in the space. Our specialty is helping to place larger, more complex risks. When it comes to doing business, we offer a dedicated wholesale distribution network through appointed brokers. Reliable name recognition plus a long history of strength and stability mean you can have confidence when you recommend Nationwide.
